Product Info

derma

The 1st Choice – DERMA formula is designed to meet the needs of adult cats with hypersensitive or reactive skin.

1. **Tasty animal protein source** > fresh salmon, menhaden
2. **Helps keep strong muscles, promotes optimal organ function and coat quality** > high protein content 34%
3. **Reduces inflammation, promotes healthy skin and coat** > salmon, flaxseed, menhaden and salmon oil (omega 3-6-7 fatty acids), zinc, vitamin E (antioxidant)
4. **Maintains hydration of the dermis and mucous membranes** > omega-7
5. **Improves the protective properties of the skin barrier** > zinc
6. **Reduces the risk of allergic reactions, eases digestion** > chicken-free, grain-free, gluten-free, natural prebiotics, digestible proteins

Specially made from ingredients known to reduce skin inflammation, irritation, and itching, the DERMA formula is designed to help the skin form a protective barrier against environmental irritants. This premium food will also enhance coat quality and reduce hair loss.

ZINC+

Ideal for reactive skin.

PROTECTION+

Supports coat quality.

HIGH PROTEIN CONTENT

Helps maintain strong muscles, promotes optimal organ function and coat quality.
